2009 Summer Wetlands Seminar

In 2009 the U.S. Army Corps of Engineers Chicago District will be expanding its jurisdictional boundaries to include part of Northwestern Indiana. Please join us to learn more about the new boundaries and other updates regarding the mitigation rule, new wetland delineation manual and mitigation banking.

Consultants, Engineers, Agencies and Academia interested in wetlands regulations are encouraged to attend this seminar. We also encourage that senior staff bring at least one junior staff as an opportunity to learn about the new rules that will affect the new consultants and agency staff of the future.

SPEAKER

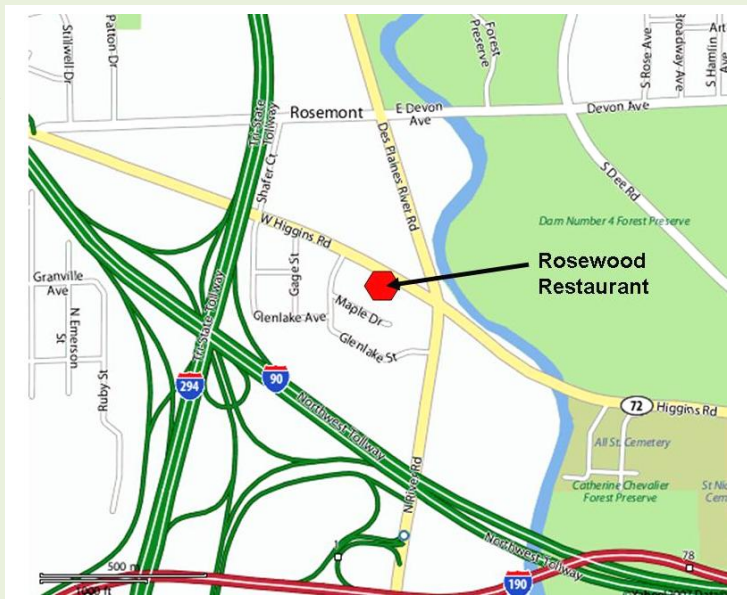

Ms. Leesa Beal, Chief, East Permits and Enforcement for the Regulatory Branch of the Chicago District will present. Time will be allotted for questions.
