IAEP Spring Seminar: Navigating the New Endangered Species Act Section 7 Website

In an effort to streamline the Section 7 informal review process, the U.S. Fish and Wildlife Service has developed a new on-line service (<http://www.fws.gov/midwest/Endangered>). The U.S. Fish and Wildlife Service will be conducting a step by step tutorial on the proper use of the website so that applicants can find out if there are any federally listed species within a proposed project site and feel more comfortable navigating the questions and interpretation of the results.

Consultants, Environmental Professionals and Engineers that apply for Section 404 permits, conduct endangered species surveys or are involved with listed species projects are encouraged to attend this seminar.

SPEAKER

Cathy Pollack, Fish and Wildlife Biologist, U.S. Fish and Wildlife Service will present. Time will be allotted for questions.

IAEP Spring Seminar: USFWS Website Tutorial and Update

Date: Thursday April 8, 2010

Two Sessions

First Session 9 am to 10am

Second Session 11 am to 12 pm
