# IAEP Student Career Seminar

Take charge of your future career in the environmental professions by attending a student career seminar presented by DePaul University and the Illinois Association of Environmental Professionals. Today's job market is very challenging, so you need to learn how to separate yourself from the crowd. You'll have the chance to meet working professionals and hear about how they managed the job market and got to the positions they have today. Also learn:

- how to network
- about the benefits of professional organizations
- about internships and their value
- how to build your resume
- improve your interviewing skills
